These sums were committed to the Surveyors of the several Districts with instructions to return all deficiencies to the Collector for collection, by the first day of August, as per vote of the town. These directions have not been complied with except in one or two instances, and we are not able to report whether the money has all been expended or not. It is to be regretted that so important a vote of the town should not have been complied with.

All of which is respectfully submitted.
